Other Information:

Additional information may be found at <http://scholar.library.miami.edu/hometownmaps/>

Administrative history / Biographical sketch

Note

The 75-page student publication "Hope amid chaos: an architectural plan for South Dade" was completed during the Fall Semester, 1992 by a class of 12 students at the School of Architecture, University of Miami.

The names of the students who worked on the project were: Jaime Acosta, Alberto De Armas, Marie Denis, Nelson Felipe, Francisco J. Garcia Iglesias, Ines Hegedus, Antonio Mena, Patrick Panetta, Maureen Pflugfelder, Garciela Torres, Jose A. Vidal, and Thomas F. Weber.

Faculty advisor for the project was Felipe J. Prestamo, Ed.D, Professor of Architecture.

Administrative history / Biographical sketch

Note

Gilda B. Santana initially created descriptive metadata in Shared Shelf and later migrated content to CONTENTdm

Scope and content

This collection consists of over 300 digital images of drawings produced by First and Second year undergraduate architecture students. The course content has been evolving since its initial development in 1997 by Joanna Lombard, Professor of Landscape Architecture at the School of Architecture. Content will continue to be added to the Hometown Maps collection in perpetuity. The images are accessible through the University of Miami Libraries Digital Collections portal:

<http://merrick.library.miami.edu/architectureLibrary/arc5100/>

In addition, the collection was integrated into a global interactive map which is viewable at: <http://scholar.library.miami.edu/hometownmaps/>

Notes

Title notes

Immediate source of acquisition

The School of Architecture requests electronic images (tiff/jpeg) from undergraduate students at the end of the semester and subsequently stores them in the SOA Image Bank server

Arrangement

Digital image files are arranged by semester and year.
Analog drawings are arranged by semester and year.
