Note

Allan T. Shulman is a licensed architect in the State of Florida and a faculty member at the School of Architecture, at The University of Miami. His firm, Shulman & Associates was founded in Miami in 1996 as Allan T. Shulman Architect, PA. Starting with historic preservation projects on Miami Beach, the firm has grown in size and scope and provides full architectural services on a broad range of buildings types. Over the last decade Shulman has specialized in the design of hotels and motels, culminating in a portfolio that has made the firm a sought-after hospitality designer.

Scope and content

This collection contains a series of historic preservation reports prepared by Architect, Allan T. Shulman. The majority of the surveys are of Miami Beach architecture from the 20s, 30s, 40s, 50s and 60s and one report for Hialeah Park and its immediate environs. This collection holds the distinction of providing a documentation of recommendations for the preservation, restoration and conservation of the sub-tropical building environment with an emphasis on the architecture of the resort/hospitality industry in Miami Beach.

Notes

Title notes

Arrangement

Chronologically arranged from most recent to earliest report.

Restrictions on access
