Summary information

Repository: University of Miami Special Collections

Title: Morton, Julia Papers

ID: ASM0139

Physical description: Boxes

**Dates of creation,
revision and deletion:**

Administrative history / Biographical sketch

Note

Julia F. Morton was Research Professor of Biology and Director of the Morton Collectanea at University of Miami, a research and information center devoted to economic botany. She was an internationally recognized authority on economic plants, particularly ornamental, edible, medicinal and toxic species. She was the author of 10 books and co-author of or contributor to 12 others; she wrote 94 scientific papers and co-authored 27 others.

Scope and content

This collection consists of archival materials acquired that relate back to American author and biologist Julia Francis McHugh Morton. Julia F. Morton was Research Professor of Biology and Director of the Morton Collectanea at University of Miami, a research and information center devoted to economic botany. She was an internationally recognized authority on economic plants, particularly ornamental, edible, medicinal and toxic species. She was the author of 10 books and co-author of or contributor to 12 others; she wrote 94 scientific papers and co-authored 27 others.
