Scope and content

The Little Palm Island Collection consists of a promotional packet from the Little Palm Island Resort & Spa, containing ephemera such as brochures and hotel restaurant menus. The island resort, located three miles offshore in the Atlantic Ocean and 28 miles east of Key West, has its own unique history. Well known visitors have included President Harry Truman and his wife, John Foster Dulles, and Admiral Bull Halsey. The island was also the setting of the 1962 Warner Brothers production, "PT 109", a biographical war film about John F. Kennedy's naval service during World War II.
