Scope and content

Haitian Women of Miami-Fanm Ayisyen Nan Miyami (FANM) was founded in 1991 to work for the "social and political empowerment" of Haitian women and their families. FANM is an advocacy and social service agency in Little Haiti and serves the needs of low income women and their families as well as victims of abuse, neglect, violence, discrimination and racism.

The records include correspondence, flyers, posters and educational publications as well as photographs of rallies and events from the Haitian Women of Miami. Scrapbooks and newspapers from Haiti and the diaspora- such as "Le Floridien" and "The Haitian Times"- document political events and ongoing activism of women organizations, immigrant activists as well as local community happenings. The collection also includes substantial documentation of the activism of one of the organization's most notable activists, Marleine Bastien.
