## Administrative history / Biographical sketch

---

### Note

The Winter Institute of Literature (sometimes called the Winter Institute of Arts and Sciences) began in 1935. The Institute first brought men and women of letters to the University for public lectures and conferences with students. The scope of the institutes was later expanded to stress the unity of the liberal arts and sciences rather than their separation.

---

## Scope and content

---

This collection contains papers, programs, letters, and reports prepared by the Winter Institute of Literature.
