Note

The Faculty Senate is the vehicle by which the Faculty is authorized to share in planning and governance of the university. Through its committees and as a deliberative and legislative body, the Senate plays an important role in dealing with academic policies, new program and degree approvals, compensation and the annual budgets, reviews of chairs and deans, and countless other matters of collegial concern and interest.

Scope and content

The collection consists of meeting agendas, legislation, faculty manual, and memoranda generated by University of Miami's Faculty Senate and collected by representatives of Otto G. Richter Library from the 1990s to present. Only the authorized personnel by the University Archives can access the materials.
