Custodial history

This collection was started in 2014 when files were separated from the three Vertical Files that related to art, galleries, and artists both in Cuba and the Diaspora. It continues to grow with new additions being added directly to the Artist Files that relate to art, artists, and galleries.

Scope and content

The Artist files contain materials related to the professional and artistic work of visual artists from Cuba and of Cuban descent. The files in this collection contain exhibit catalogs, clippings, and ephemera related to visual artists and their work. The collection also contains files on art galleries that show the work of visual artists in group shows.

Series 1 contains files on individual visual artists, including show catalogs, promotional materials, postcards and programs for galleries, and other ephemera relating to the work of individuals. Materials are organized alphabetically by last name in each box. Series two contains exhibit catalogs, announcements, and other ephemera related to group shows at art galleries featuring multiple Cuban artists or of galleries that support and regularly exhibit Cuban art. Materials are organized alphabetically by gallery or venue name.

Notes
